

As an associate planner at Lisa Wise Consulting, Inc., Adriana plays a lead role in a number of planning projects. She brings strong graphics, technical planning, and writing skills to the LWC team. She has experience organizing and executing community participation efforts and has extensive experience in document preparation, editing, and team coordination.

Adriana handles document management for a number of projects, and is responsible for formatting, page layout, and technical editing. She also manages GIS mapping for LWC planning and environmental resources protection projects. She is proficient with the Adobe Creative Design Suite, AutoDesk, and 3D modeling software.

Adriana plays an instrumental role in public outreach efforts for planning projects. Her experience and expertise includes writing survey instruments, designing creative and innovative public workshop activities, and developing interesting and effective workshop presentation materials.

Adriana graduated from the Master of City and Regional Planning Program at Cal Poly in San Luis Obispo in 2008. While attending Cal Poly, Adriana worked for the CalPoly Corporation as an assistant for planning projects in Guadalupe, Delano and Madera. She wrote her thesis on the relationship between urban design and public health, focusing on specific land use and urban design recommendations for improving overall health in the City of Delano. Adriana has returned to California Polytechnic State University in San Luis Obispo as adjunct faculty in the College of Architecture and Environmental Design teaching CRP 512 *Introduction to Visual Communication*.
