

MARGAUX ELLIOTT, LEED GA

Associate

LWC

Margaux brings a strong academic and professional perspective to LWC. She supports the team in developing interdisciplinary strategies to improve the built environment, with a special focus in transit-oriented development and how design impacts the community experience. She also brings a strong proficiency in Adobe Creative Suite, AutoCAD, SketchUp, and ArcGIS to produce diagrams, models, and maps.

Her professional background includes experiences in urban design, land use planning, and landscape architecture. She has participated in multi-family and mixed-use objective design standards, Housing Elements, housing policy implementation, and market analyses. She also brings experience in the development review process, in addition to international experience working on global urbanism projects in Rome, Italy; San José, Costa Rica; and Bangkok, Thailand at the architectural and urban design scale.

Margaux holds a Master of Urban Design from Washington University in St. Louis, and a Master of City and Regional Planning and a Bachelor of Architecture, with minors in landscape architecture and GIS, from California Polytechnic State University, San Luis Obispo, where she graduated with academic distinction.
